ORVIBO

REAL SMART THAN EVER

Shenzhen ORVIBO Technology Co., Ltd

As a veteran and pioneer of IOT industry since 2011, ORVIBO focused on R&D, technology innovation, manufacturing of smart home devices and complete systems, including home automation, energy saving, lighting control, home security, ventilation & heating, curtain & sunshade control, home appliances control, etc..

ORVIBO Full House Smart Home System

Based on IoT, AI and cloud computing technology, make home appliances and multiple devices connected to build the full-view smart home systems.

- Smart Control Center
- Smart Hanger System
- Smart Curtain System
- Entertainment System
- Smart Lighting System
- Home Security System
- Smart HVAC System
- Energy Management System

MixPad S

MixPad Mini

MixSwitch

MixPad X

New Super Multi-functional Smart Panel

MixPad Family

Six Kinds Of Interactions To Satisfy The Whole Family
Touch screen, voice, gesture, APP, button

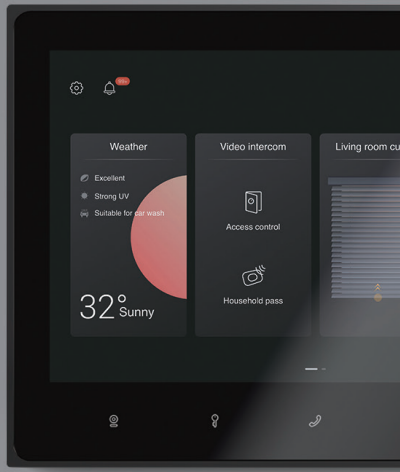
Compatible With Many Products
Zigbee, Bluetooth, WiFi, 485, KNX

No Need To Wake Up, Really Smart
One step wake up nearby, active intelligence

One In A Room, Easy To Install
Single 86 Convenient reinstallation, distributed wall switch

Super Smart Panel MixPad Series

Powerful IoT connectivity | 6D multi-modal wall interaction | Clearly scene mode



5G smart life, in one step

MixPad X Full View Screen Super Smart Panel

Beautiful Panoramic Widescreen
12.3 inch ultra clear panoramic screen

Power Pioneer In The 5G Era
Equipped with Qualcomm Snapdragon X55

Control Thousands Of Devices With One Screen
Powerful multi-protocol smart gateway

35 Million Genuine Music For Free Listening
High-fidelity stereo wall speaker

Easy Installation
Standard 86 back box design

One Panel All Smart

MixPad S All-in-one Gateway Panel

All-in-one Interaction
Multi-protocol Smart Home Gateway
Scenario-based Home Service
Smart Voice Control

New Smart Panel

MixPad Mini

Install with MixSwitch, Classic and beautiful
Intelligent control of home appliances such as lights, air conditioners, curtains, etc.
Easy installation, replace traditional switch in one step
Voice, touch, App multiple control methods

Border color

White

Black

Technology And Aesthetics Create Wall Art

MixSwitch

One-key full house lighting control
Beautiful to simple, matching extraordinary taste
Intelligently control multiple devices, wonderful home experience
RelayPro-Tech, patented technology, durable

Redefining Video Intercom, Essential For High-end Communities

MixPad Plus Super Smart Panel

10 inches high-definition touch screen
Community Property Information Platform
Control the full house smart home
Linkage villa door machine, AI video intercom

Visual Intercom & Intelligent Central Control

MixPad E Super Smart Panel

Support AI voice visual intercom
Far-field voice, touch, App multiple control methods
Compatible with wired / wireless security
Intelligent control of full house appliances

Bluetooth & WiFi Smart Panel

MixPad Genie

APP, Touch screen and button remote control
Multiple protocol connections make traditional home appliances smart
Multiple installation methods, Zero & Fire Wire / Type-C
With Type-C interface, it can charge your mobile phone.

Classic Design, Traditional Lighting Easily Becomes Smart

Touch Classic Series Smart Switch

3D deep tempered glass panel, anti-scratch
Using C-Touch touch technology, 3 milliseconds extremely fast response
Fluorescence display at night, gentle and not dazzling
One key control of full house lights, APP/voice can be linked

Hidden installation, Traditional switch upgrade

In-wall Smart Switch (Single live)

200W Load range

Supports two-loop light control

Hidden installation, Traditional switch upgrade

In-wall Smart Switch (L/N)

400W Load range

Supports three-loop light control and four scenes control

Mixpad series built-in HOME AI 3.0
First full house intelligent operating system with active intelligence

ORVIBO HOME AI is the first active smart multi-modal whole-home smart home operating system,
The first generation win the Red Dot Interactive Design Award.

Support mainstream IoT ecology

Works with HUAWEI HiLink · works with amazon alexa · works with the Google Assistant

reddot award 2018
winner

Smart Lighting

New 6D multi-modal interaction
10000-level high-precision adjustment
Scene lighting experience
Dozens of professional lamps to choose from

Deep cup anti-glare, create indoor natural light source

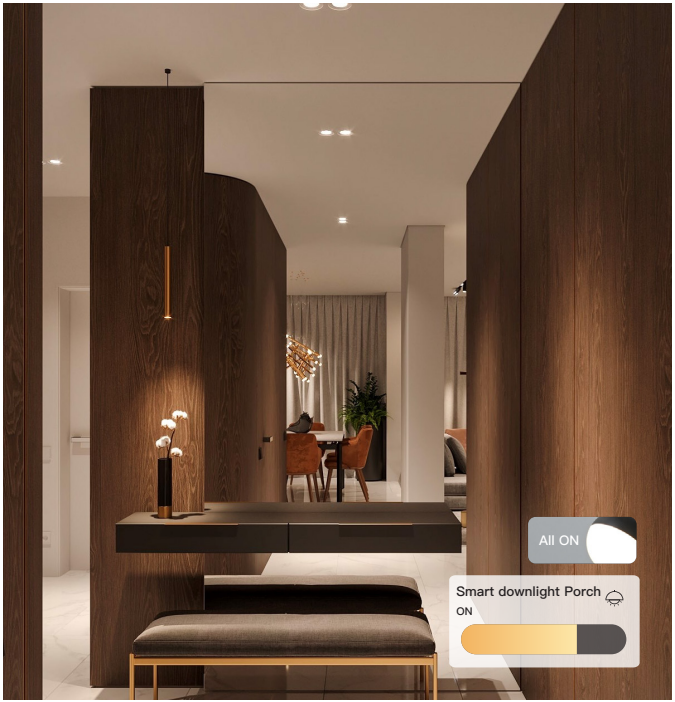
Anti-glare Smart Spotlight S series

Anti-glare index <UGR13, far exceeding the national standard
7W/12W optional, suitable for both high and low floors
Multiple beam angles are optional, suitable for different local lighting

Screen-level family atmosphere master

S Series Light Strip S series

Stepless dimming with dual color temperature
2700-6500K wide-area color temperature
Bipolar power supply without stroboscopic design



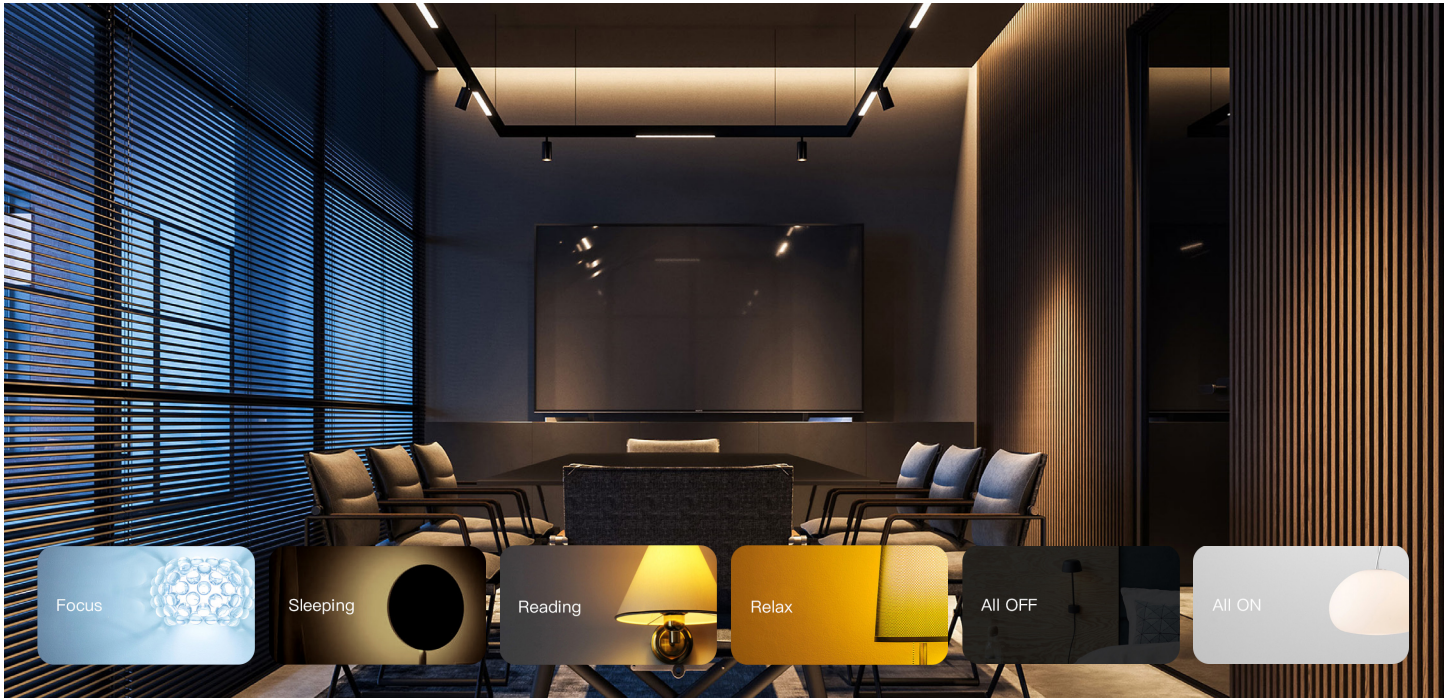
First choice for whole-house lighting over 100 square meters

Smart LED Light

Brightness / color temperature stepless adjustment
2700-6500K wide-area color temperature
Ra90 high rendering index LED light source
Free group management, scene mode customization

Smart LED Downlight

Smart LED Spotlight



Smart Magnetic Track Spotlight S series

Universal change of illumination angle
Suitable for accent lighting of bedside, wine cabinets, murals, handicrafts, etc.

15W | 24　　8W | 24

Deep anti-glare, create indoor natural light source

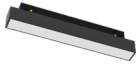
Smart magnetic track grille light S series

The grille design shields the exposed light source to ensure high illumination and uniform anti-glare at the same time. Suitable for space key down photos

Deep anti-glare, create indoor natural light source

Smart magnetic track floodlight S series

The light is soft and natural, which can irradiate evenly in all directions. It is mainly used for Basic lighting for flood light



Smart Magnetic Chandelier S2

50mm diameter ×1200mm height(adjustable)
Turn on/off light
Color temperature control with dimming
2700-6000k color temperature stepless adjustment

Single type　　Three type

Surface-mounted Smart Downlight S3

75mm x 75mm x 95mm (Square) | 93mm x 106mm (Circular)
white/black color | Turn on/off light
Color temperature control with dimming
2700-6000k color temperature stepless adjustment

Replace traditional remote control

Magic Cube IR Controller

One-key control of infrared appliances in the whole house by mobile phone App
10 meters remote control, 360° infrared signal coverage without dead angle
Won the 2016 Taiwan Golden Pin Design Award
Won the 2017 German iF Product Design Award

Free your hands and bid farewell to
the remote control of home appliances

Magic Dot IR Controller

Linkage with air conditioners, TVs, set-top boxes, fans, stereos, etc.
Zigbee signal control home appliances
360° infrared signal without dead angle coverage
Won the 2019 German Red Dot Design Award

The second-generation ceiling-mounted background music speaker, the new sound of home wisdom

BM2 Ceiling Speaker

25-core titanium film tweeter +50W super power, cinematic sound
Borderless design, perfectly integrated into various decoration styles
Connect to MixPad and create more life scenes with music
Bluetooth connection freely, compatible with mobile phones, computers, TVs, etc.

Radio Frequency / Infrared Integrated Smart Control Center

Allone Pro IR & RF Remote Controller

Traditional devices easily become smart
Interoperability with a wealth of third-party RF products
Support 95%+ infrared home appliance control
300 meters remote radio frequency remote control

Smart Home Security
Higher level of security
Comprehensive home security layout
Monitor the live situation at home anytime, anywhere
Guarding the family, day and night
Grandfather
Authorize remote temporary password at 12:45
22:25, The door lock is abnormal, whether to activate the alarm mode
Door and window sensor
Door open
Cancel

More Safe And More Advanced

Smart Door Lock S2

Independent verification of smart lock cylinder
Real gold plating armor handle
MAX 800 long battery life
Full house smart linkage

Passed 50+ professional quality control tests

300,000 times Lock spring life test	**300,000 times** Lock body life test	**6000N** The main bolt resists lateral pressure	**300,000 times** Motor life test
−40° ~75° Temperature tolerance test	**48 hours** Constant heat and humidity work test	**200,000 times** High and low temp−−erature cycle test	**120 hours** Salt spray test

Extremely Safe, Extraordinary Temperament

Smart Door Lock A1

WiFi smart door lock, small lock body, US type,
Support NFC, password, Card unlock.
realize the linkage of the whole house smart home.

reddot award 2019 winner

9 Major Hard-core Technologies To
Create The Ultimate Safety And Smart Experience

Smart Door Lock C1

Mobile phone NFC encryption unlock
Six unlocking methods for the whole family
Financial-grade encryption chip, anti-tampering and anti-counterfeiting
WiFi direct connection, smart home linkage in the whole house

Fingerprint unlock
Fast fingerprint recognition in 0.3 seconds

Temporary password unlock
More convenient for visitors

Password unlock
Support up to 32-bit virtual password

Key unlock
Not afraid of emergencies

Convenient card unlock
Designed for the elderly and children

Mobile phone NFC unlock
The phone turns on at the touch of a button

High-definition Picture Quality
Horizontal 355 ° Vertical --20° ~90° field of view

Smart IP Camera S1

2K Full HD wide-angle image quality
Large wide-angle dual rotating platform, no dead angle stereo monitoring
Large cloud storage, 7 days video can be reviewed
2-way voice, support 128G SD card for local video record

Smart Device Interconnection Essential For Home Security

Smart Motion Sensor

Family scene linkage, lights will be on when people arrive
Leaving mode, prompt reminder of abnormal break-in
Tool-free installation, three steps to get

Smart Device Interconnection Essential For Home Security

Door / Window Sensor

Remote control to close the windows in A suddenly rainy day.
Leaving mode, prompt reminder of abnormal break-in
Tool-free installation, three steps to get

Smart Curtain System

Automatic opening and closing, free hands
Accurate display, precise adjustment
Constant temperature and humidity, comfortable life
Warmth lasts, energy consumption is halved

Lunch break

Close the curtains immediately and open after 30 minutes.

8:00 am–12:00am

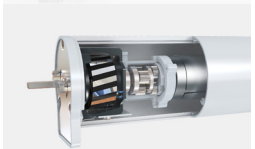
Sunshine

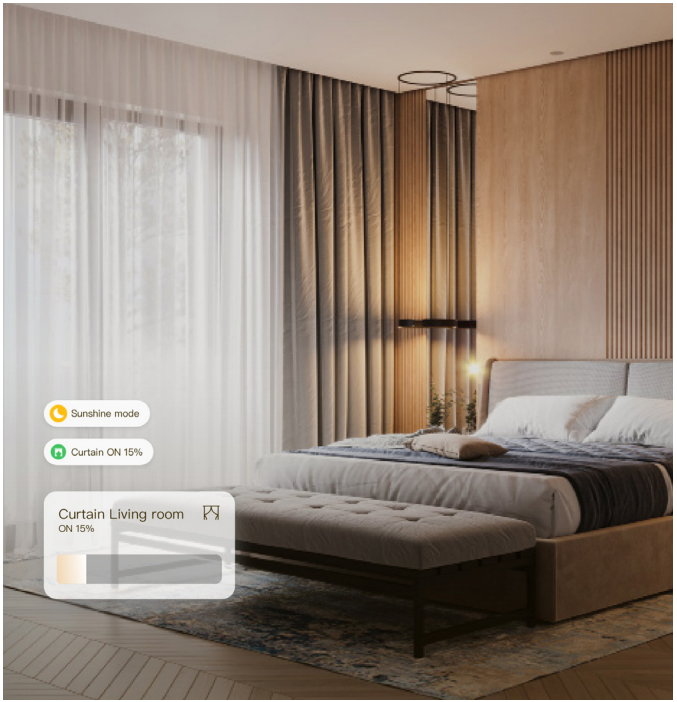
Curtains open 15%

High-torque high-end villa curtains

Ultra-quiet smart curtain motor

"Planetary ultra-quiet" design, ⩽ 35dB low sound opening and closing
Voice /APP/ remote control all-round intelligent control
100m signal stable coverage
5 years peace of mind guarantee, solid quality

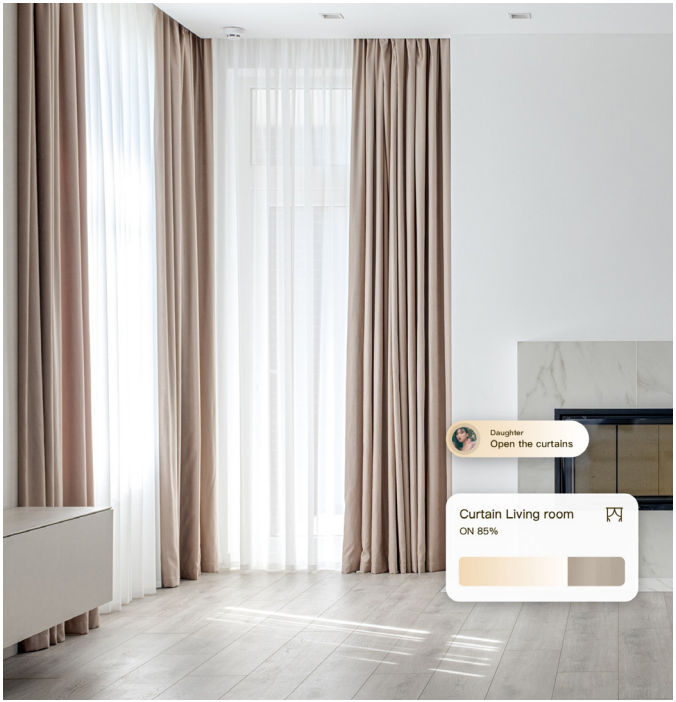




No need to wire, the old house is better for refurbishment

Smart Curtain Set – Chocolate Version

Complete package including motor, track, remote control
Lithium battery power supply, easy installation without slotted wiring
50KG super load-bearing
30dB dual ultra-quiet design



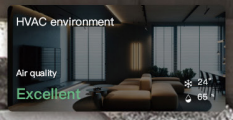
Adjustable track, Easy To Install

Smart Curtain Motor Kit

Slow start and stop, silky running experience
Pull lightly to start automatically, open and close and slide to the end
Thick aluminum alloy material, stable and strong

Smart HVAC

Visualized environmental control system
Accurate display, precise adjustment
Constant temperature and humidity, comfortable life
Warmth lasts, energy consumption halved



More convenient central air conditioning control center

AirMaster Max Central Air Conditioning Smart Control Kit

Intelligent HVAC control, effectively saving energy
Support MixPad voice control
Simultaneously control up to 64 devices
Support 95% central air conditioning and fresh air equipment
Link home appliances, enjoy the intelligence of the whole house

Smart Air-drying Sterilization,
Smart Clothes Drying

Smart Hanger

Medical grade UV sterilization rate 99.99%
Extremely fast drying / air drying
Support APP remote control
50KG super load-bearing

Fashion Voice Control Version

Premium disinfection version

Luxury drying version

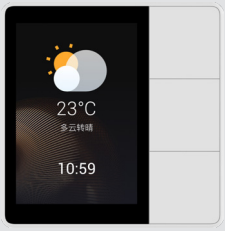
ORVIBO Product Catalog

MixPad S

With built-in powerful processors and environmental sensors,MixPad integrates a variety of interactive methods compatible with a variety of IoT protocols, through AI and big data to create beatiful, convenient and smart life.

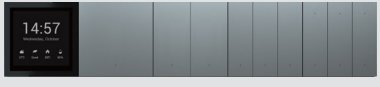
MixPad Mini Smart Panel

Single 86 bottom box installation, support 2-way intelligent lighting, support voice control, 4-inch comprehensive touch screen, Zigbee 3.0.Compatible with a variety of Internet of things protocols, through AI and big data, to create a beautiful, convenient intelligent life.



MixPad Genie WiFi & Bluetooth Smart Panel

remote control of smart devices, lighting, curtain
Four interactive modes: physical buttons, touch screen,
Chinese voice, and APP
Smart IR control & Speaker & Type C power supply



MixSwitch Series

Mobile APP, voice robot and panel can be controlled, and the whole room lighting can be controlled remotely.Linkage of 100 devices, customized different scenes.Customize different colors for different users.Support for personalized borders.

Smart Video Doorbell

75mmx75mmx32 mm
3 Million Pixel
140° PIR detection angle
WiFi connection, remote monitor, 2-way voice

Magic Cube

IF product design award, support voice control infrared home appliances, highly suitable for mainstream brand home appliances, set most of the remote control in one, a key to open the scene mode, ordinary home appliances become intelligent seconds.

Magic Dot

Support voice control infrared home appliances, highly suitable for mainstream brand home appliances, set most of the remote control in one, a key to open the scene mode, ordinary home appliances become intelligent seconds.

Allone Pro

Remote control IR home appliances(TV/ AC/ STB/ fan/ projector etc.) via phone, support voice control, timer control and work as an RF hub.

works with the Google Assistant amazon alexa

Smart Lock S2

Sweden FPC fingerprint chip, Auto Smart Lock Cylinder, ULPC ™ technology, Six alarm function

Smart Door Lock A1

WiFi smart door lock, small lock body, US type, Support NFC, password, Card unlock.realize the linkage of the whole house smart home.

Smart Lock C1

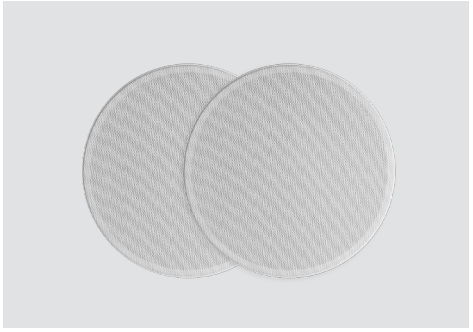
Support NFC encryption unlock, EMP Protect technology, financial encryption chip, more secure anti-theft alarm network;WiFi ultra-fast Internet connection, AI living fingerprint identification, six lock opening methods, realize the linkage of the whole house smart home.

Smart IP Camera C1

horizontal 355 ° vertical 60 ° field of view , Pan & Tilt Rotate View, night vision, WiFi connection, remote monitor, 2-way voice, support 128G SD card for local video record

Smart IP Camera S1

59mm x 70mm x 102mm
horizontal 355 ° vertical --20°~90° field of view , Pan & Tilt Rotate View, night vision, WiFi connection, remote monitor, 2-way voice, support 128G SD card for local video record

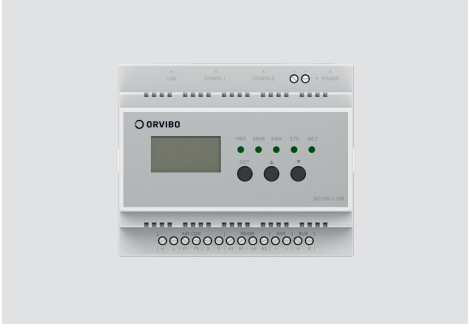


Ceiling Bluetooth Speaker

Bluetooth connection, high-fidelity sound.

Artis Box Play

Smart Wall Speaker | 520*720*48mm | DC120V/2.4A
8W*4 Speaker
Built in TWS bluetooth
Seven colors to choose



AirMaster Central A/C Control Kit

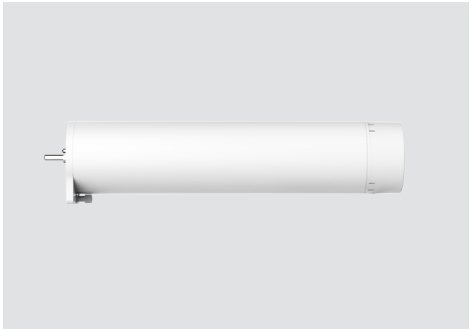
Support 95% of the market mainstream central air conditioning, voice accurate control, intelligent cycle timing, convenient management, efficient energy saving.

Central A/C Control Panel

Not only support local control of air-conditioning equipment, but also timing, remote switch, at the same time can also linkage temperature and humidity sensor, real-time adjustment of air conditioning temperature, energy saving optimization.

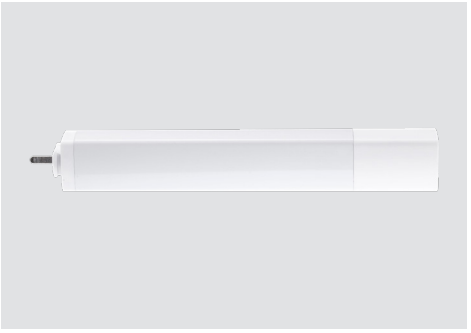
Multi-functional Relay

ZigBee technology is adopted to connect with ordinary curtain motor;Easily control curtains and Windows with smartphone APP to make them become smart devices;Cooperate with ZigBee intelligent host for linkage use of scenario mode.



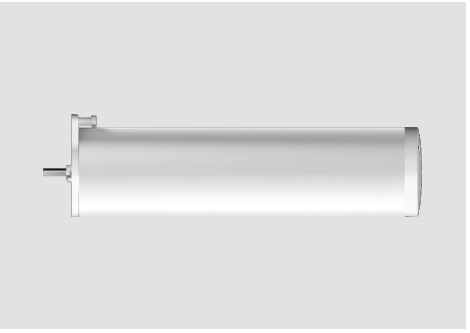
Smart Curtain Motor

No gateway, direct wi-fi connection;Intelligent linkage ourui primus lighting, intelligent audio and video systems, customized different scene modes;Support voice /APP control;Stop, power cut hand pull, stroke memory, ultra-quiet, stable operation.



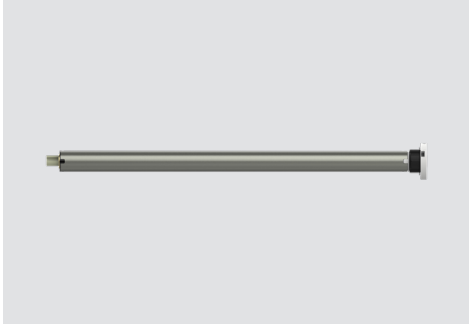
Smart Curtain Motor

Innovative lithium battery power supply design;Intelligent linkage ourui primus lighting, intelligent audio and video systems, customized different scene modes;A variety of intelligent control curtain, a key switch;Support voice, APP and other intelligent control.



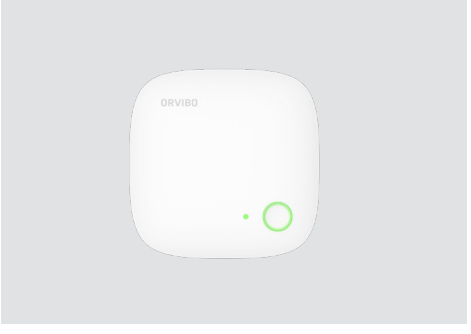
Smart Curtain Motor

New Zigbee solution, strong signal coverage;Intelligent linkage ourui primus lighting, intelligent audio and video systems, customized different scene modes;A variety of intelligent control curtain, a key switch;Support voice, APP and other intelligent control.



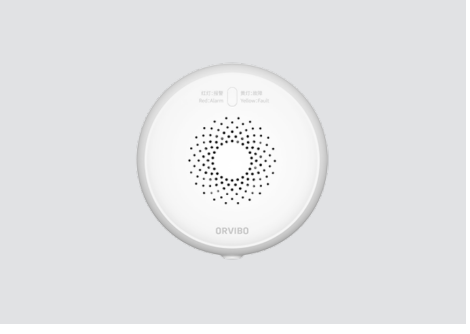
ZigBee Smart Tubular Motor

Exclusive patented hand control function, the DC motor is safe, quiet, efficient, energy-saving, and does not generate heat. Support APP one-key setting of stop point, support quickly slightly adjustment of stop and group control.



Mini hub

Intelligent control center can connect hundreds of different wireless devices, support ZigBee standard protocol, linkage of smart home devices on various platforms, 10ms fast response, fast definition of your intelligent life scene.

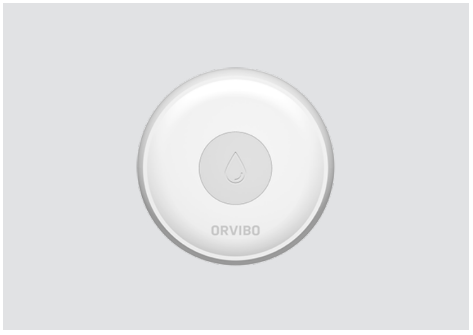


Smart Combustible Gas Sensor

Control the lighting by switching or dimming at desired time in convenient and energy-saving way.

Zigbee Emergency Button

One-key telephone alarm, push alarm reminder, ultra-low power consumption, longer battery life, multi-site application, so that peace of mind one step in place.

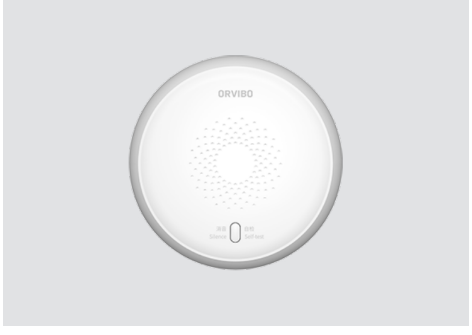


Water Leakage Sensor

High precision and sensitivity, the first time to know the water leakage, overflow, water level changes;Ultra-low power design, longer battery life;Do not let go every accident, immediate induction and rapid processing.

Temperature & Humidity Sensor

Real-time monitoring of abnormal temperature and humidity, intelligent home appliances linkage, digital high-precision sensor, so that care more reasonable and scientific.



Smart Smoke Sensor

High sensitive and stable photoelectric sensor, ultra-low power Zigbee wireless networking technology, 85dB super loud alarm sound, timely prevent the spread of danger.

RGB Relay

Connect the ordinary light belt or RGB light belt, support ZigBee HA protocol self-group network technology, and easily adjust the color and light and shade of the light with the smart phone APP to make the color as you wish.

Sensor Access Module

It supports the interconnection between all the traditional wired sensors and all zigbee products supported by ourebo to improve the equipment ecology of the smart home system

Touch Classic Series

3D deep tempered glass panel, support c-touch Touch technology, 3ms fast response;Mobile APP, voice robot and panel can be controlled, and the whole room lighting can be controlled remotely.Linkage of 100 devices, customized different scenes.

Smart WiFi Relay Switch-2 gang （L&N）

Transform traditional switches to smart switch

MixSwitch Non-smart Socket

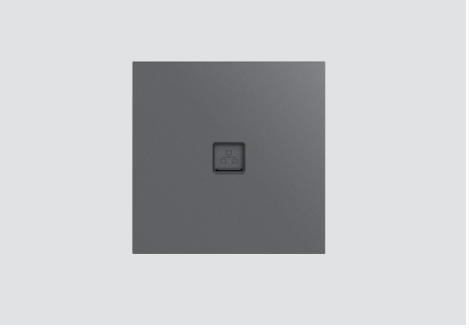
Size: 86*86mm
Power supply: AC250V
Rated current: 10A
Color: grey, white, golden

MixSwitch Non-smart Socket

Size: 86*86mm
Power supply: AC250V
Rated current: 16A
Color: grey, white, golden

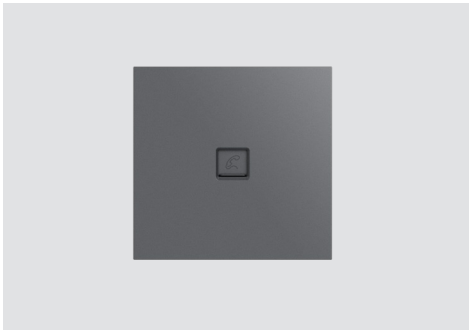
MixSwitch Non-smart Socket

Size: 86*86mm
Power supply: AC250V 10A
Color: grey, white, golden
Output USB-A: DC 5V/3A、9V/2A、12V/1.5A
Output USB-C: DC 5V/3A、9V/2A、12V/1.5A



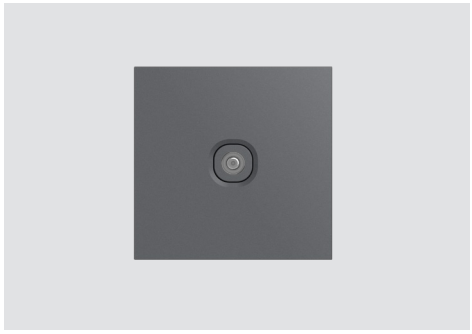
MixSwitch Non-smart PC Socket

Ethernet socket
Size: 86*86mm
Color: grey, white, golden



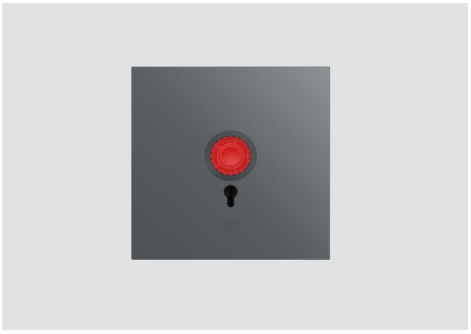
MixSwitch Non-smart TV Socket

TV socket
Size: 86*86mm
Color: grey, white, golden



MixSwitch Non-smart TEL socket

Telephone socket
Size: 86*86mm
Color: grey, white, golden

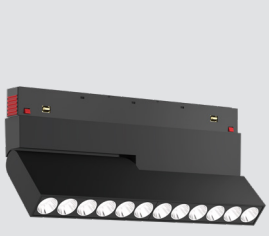


MixSwitch Non-smart SOS socket

Ethernet socket | Size: 86*86mm | Power supply: DC24V
Rated current: 3A
Send alarm signal when emergency happens.
Work with sensor connector or MixPad E

Smart Dimmer Controller

Support 0–100% brightness and color temperature adjustment



Smart Magnetic Folding Grille Light S2

222mm x 22.5mm x 110mm
Turn on/off light
Color temperature control with dimming
2700–6000k color temperature stepless adjustment

Ultra-thin Smart Spotlight S1

96mm x 46mm | 24°/105° Beam angle | Turn on/off light
Color temperature control with dimming
2700–6000k color temperature stepless adjustment

Anti-glare Smart Spotlight S1

85mm x 74mm | white/golden/black reflector | Turn on/off light
Color temperature control with dimming
2700-6000k color temperature stepless adjustment

Surface-mounted Square Smart Downlight S3

75mm x 75mm x 95mm | white/black color | Turn on/off light
Color temperature control with dimming
2700-6000k color temperature stepless adjustment

Surface-mounted Circular Smart Downlight S3

93mm x 106mm | white/black color | Turn on/off light
Color temperature control with dimming
2700-6000k color temperature stepless adjustment

Smart Magnetic Chandelier S2 (candle shape 1 lamp)

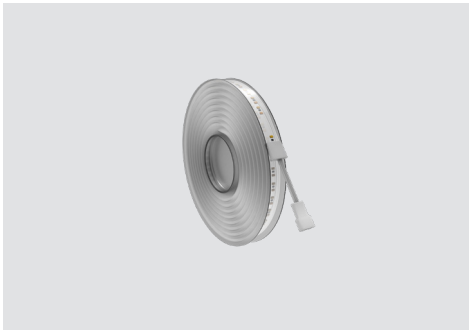
50mm diameter ×1200mm height(adjustable)
Turn on/off light
Color temperature control with dimming
2700-6000k color temperature stepless adjustment

Smart Magnetic Round Chandelier S2

luminous surface diameter 100mm
Turn on/off light
Color temperature control with dimming
2700-6000k color temperature stepless adjustment

Zigbee LED Magnetic Track Spotlight

Φ38*94mm/ Φ60*110mm
8W/15W Rated power
Turn on/off light
Color temperature control with dimming
2700-6000k color temperature stepless adjustment



Zigbee LED Strip Light (S series)

Color temperature control with dimming
Work with LED strip light controller
DC 24V, CRI ⩾ 80Ra | Length: 5m | Width: 14mm (LED: 8mm)
Color temperature range: 2700K–6500K

S Series Smart Lights

Professional home smart lighting, Zigbee smart lights, 98Ra* color render index, 2700–6000k color temperature stepless adjustment

WiFi Smart Hanger

Remote intelligent control, one key lifting, drying, sterilization;Intelligent induction environment, linkage equipment, resistance is stopped;Energy–saving LED lighting, air out the high–end quality of life.
