Brand Concept

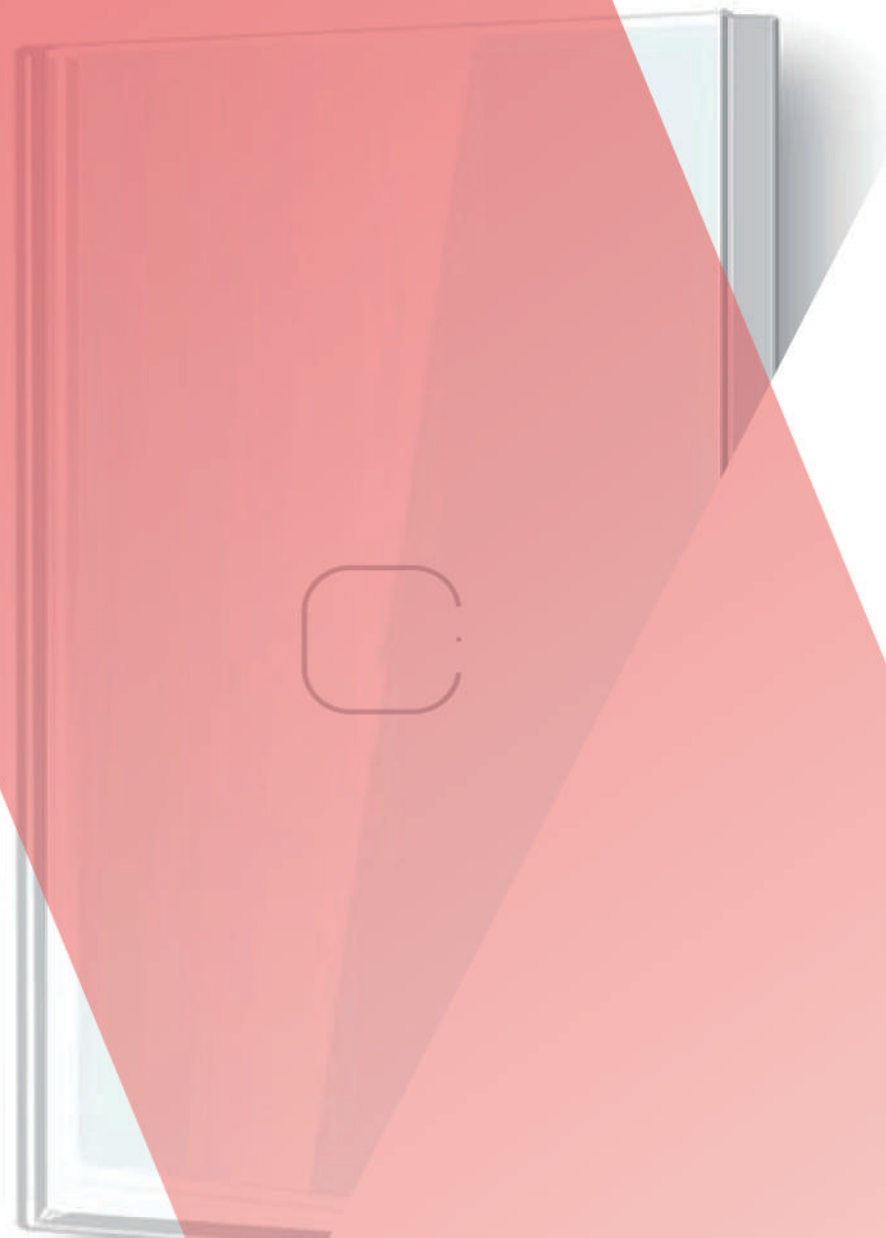

SIMENT's Smart home products, simple, and human-oriented, are far above others, with many patents fully showing their complete functions and durability. The brand spirit and personality element make SIMENT a top brand in international industry. Every series has its soul and personality and realizes elegant fusion of home space. Considering people's feeling and need, SIMENT keeps trying to make things simpler with unique design, perfect technique, top materials and sophisticated constructure. And every product is perfection from every angle, even for the smallest details. And defect or compromise is not allowed in SIMENT, even inside out of sight. We are not only bring the best products to the whole world but also make SIMENT one of the best global manufacturers.

SIMENT is on behalf of noble taste and leads the world in the development of control equipment. Sticking to business philosophy of simplicity, originality, personality and humanity, SIMENT provides perfect solution with superb technology, unique design and verified products, and integrates diverse control in smart home blueprints.
